ART FESTIVAL, MERCHANTS BAZAAR MOVING FULL STEAM AHEAD!

Following the official sanction of the Albany City Council last week, the Chamber of Commerce Art Festival and Merchants Bazaar is moving full steam ahead.

Space is going fast, according to Chairman Kenneth M. Forry, who has announced that only 13 booths are available. Three of these are 10 by 20 feet and priced at \$50. Ten, priced at \$25, are 10 by 10 feet. The committee is seeking sponsors for charity booths and entertainment.

Set for Friday through Sunday, August 23-25, the show will be held on two blocks of Key Route strip, which will be barricaded during the hours of the festival. Residents of the 700 and 800 blocks will be given official identification stickers for their cars and will be allowed into the area by uniformed Albany police officers.

A group of high school boys will be engaged to assist with the erection of the show and to be on duty cleaning up the area throughout the three-day run.

Special entertainment for children and adults has been planned. Thirty attractive young hostesses, who will wear red shifts and straw hats, have been recruited by a committee of Jaycees.

Forry has released the following list of exhibitors. Several others have indicated interest and will be named when they sign up. Here is the official list as of July 18: Jerome Blank Realty, Plaza Rapid Car Wash, Jay Vee, Inc., Pacific Telephone, Howard's Motor Sales, Call Brothers Jewelers, Bank of America, Mechanics Bank, Albany Theatre, Flowerland Nursery, Albany Tire Service, North Berkeley Beauty School, Security Savings and Loan Association, Lexicon Store, Atlas Kirby Company, Del Courtney TV.

Monica Flower Studio, Dr. Arthur Longpre, Corey's, Jim Woulfe Ford, Hi Fashion Fabrics of California, East Bay Chevrolet Company, Williams and Lane, Inc., Berkeley-Lee Volkswagon, Stamps School of Dance, Hollfelder's Jewelry, The Bow Rack, Ron's School of Dance, State Farm Insurance, United Nations,

Survey Made On Albany Park Sites

The Albany Park and Recreation Commission presented the following report on proposed park sites for Albany to the Albany City Council and Administrative Officer James B. Turner:

"Correspondence was directed to Merriman & Associates, brokers for the Phipps Estate, concerning property on the North side of Albany Hill, and to Thomas Ferguson, owner of the major portion on the top of Albany Hill. The following information was obtained:

"A. Top of Hill: Based on the most recent price paid, the market value of land in this area is about \$145,000 per acre. The present plan of the owners is to create an exclusive and sophisticated development. The owner suggests that roads are public and will provide some view area as they do currently.

"B. Phipps area: An unofficial market value suggests a price on the open market of about \$45,000 per acre for land on the rise portion, \$65,000 per acre on the lower, flat portion. There is some plan for a freeway access road using 60 feet of roadway along the northern edge of the property parallel to the city line.

"C. Eminent Domain: Condemnation proceedings might produce a cost reduction on the Phipps property of 20% at most.

"Evaluation: Based on the information above and the minimum requirement that 5 acres would be needed for a park, possibly 1 acre for a view site, it can be seen that a view site would be a minimum \$145,000 acquisition, not including development. A full park area below, using part slope and 3 acres flat for ball game grounds, would cost about \$230,000 assuming condemnation could give 20% off. Without it, \$285,000 would be realistic, exclusive of development. Development figures have not been solicited for this report on site acquisition, and would depend on what sort of development might be contemplated. One source of Federal funds might subsidize a maximum 20% of acquisition cost.

"Recommendations: Considering the cost of property alone, it would be extremely difficult to justify an expenditure of the (Continued on Page 4)

PUBLIC HEARING SET BY CITY COUNCIL ON GARBAGE RATE INCREASE

Representatives from the Oakland Scavenger Co. presented a report to the Albany City Council Monday night, July 22, in reply to Council query into local phases of costs and pick-up in lieu of charge increases.

As of April, the Company stated, losses of \$1000 per month created the necessity for a raise in rate. Proposed raise is 35c for single family dwelling; 25c for multiple dwelling units; 15c for schools; 10c for commercial. Minimum rate would be \$1.35. Contracts with neighboring communities have been negotiated.

Contract for Albany would eliminate charges for Oakland streets not involved. Until the problem of University Village collection is resolved, the contract with the University includes the clause of a re-negotiable rate.

Of 5500 residents on collection service, only 130 are not using the service. According to the census rate, this compares with the vacancies. Problems, however, are posed by both those not using the service and accumulations because of non-payment. Disposal is used on Albany shores or at the entrance of the Albany Dump.

A public hearing for the citizens of Albany on the proposed rate increase will be held at the City Council Chambers on August 5 at 8:00 p.m.

Other action of the Council included:

The acceptance of the recommendation from Emile J. Rooney, Recreation Director, that a Proclamation be drawn by the Mayor designating the week of July 29 to August 4 as All-Star week to honor the Alameda-Contra Costa County Pony League All-Star Tournament to be held at Memorial Park in Albany.

Request for two hour parking on Garfield Avenue granted and authorization for City Attorney Larry D. Saler to draw up necessary Resolution.

A follow up by the Bay Area Pollution Control District investigating on odors from Chicken Delight, giving further study to the problem during inclement weather conditions, eyeing it as an engineering problem, and offering recommendations or a solution.

Authorization for City Attorney Saler to prepare a Resolution for employment of part time personnel, minimum age — 15, hourly wage — \$2.00 per hour, for the weed burning program.

During the Good of the City, Councilman George Hein suggested action of some kind by the Council to alleviate the parking problem in the 900 block on San Pablo since the old Sateway parking lot has been closed by the owner. Council moved unanimously to refer the matter to the Albany Chamber of Commerce for assistance in negotiation in behalf of the merchants.

Little League All Stars Beats Hayward, Livermore

The Albany Little League All Star team has defeated their first two opponents in play off competition.

Weed Burning Begins Aug. 5

Annual weed burning by the Fire Department will begin the week of August 5. This program is to rid the city of noxious weeds and permission to burn off all vacant property has been granted by the Bay Area Air Pollution Control District. Citizens wishing to burn off their own property may do so after first calling at the Fire Prevention Bureau for a permit.

The weed burning crews will continue until all empty property within the city has been cleared. Burning will continue from Monday through Friday. The householder is cautioned that if they anticipate being away from home for any period of time while the crews are in the area it will be wise to close all windows or other openings into the home to prevent smoke smells in the home.

Those wishing permits to burn their own property are advised that this is for a limited period of time and no permits for open burning will be issued after September 15. This in no way effects those having incinerator permits.

No More Rats ---

Mr. Joseph Brooks, vector control specialist from the California Department of Public Health, surveying the Albany sewers, reported on July 16 that those seen to be infested previously are now free of rats.

The Albany City Health Department poisoned the sewers on May 14-15, after Brooks had reported a fifty per cent increase since the previous poisoning in August 1962.

tion that could lead ultimately to the Little League world series in Williamsport, Pennsylvania in August.

Albany eliminated the Hayward Continental All Star team Thursday with a 4-0 victory thanks to Gerry Behman's two hitter. Rick Holcomb hit a home run plus a hard hit single scoring two additional runs. Jeff Gray then stole home and tallied the fourth.

In the second game, played Saturday, Albany walloped Livermore 11-0 with Mike Piasente pitching a one hitter. Holcomb came through again with a home run, only this time it was a grand slam.

Albany's next game will be against the San Lorenzo National All Stars, which will be the district 45 semi-finals, and will be played in Hayward Friday, July 26, 6:00 p.m. Should our team take this, they will enter the district finals July 27, 1:00 p.m. in Hayward.

Unusual Cooking Class Offered At Village

MARY W. DUNKELBERGER

Mary Wong Dunkelberger has announced that she will begin lessons in Chinese cooking the week of July 29th.

There will be two separate classes. One class will be held on Wednesday evenings beginning July 31st and one class will be held Thursday evenings beginning with August 1. The classes will run for five weeks and will be held from 7:00 to 8:30 p.m. Anyone who is interested in enrolling for the lessons should call Mrs. Dunkelberger at 525-2007. Each class will be limited to ten persons.

Mrs. Dunkelberger has been giving lessons in Chinese cooking for two years and brings with her many years of experience in the preparation of the Chinese cuisine.

Many people have the idea that Chinese food is difficult to prepare and expensive. This is not the case. With a little planning and careful selection of materials, it is easier to prepare than many common American dishes. Chinese food is popular everywhere and the ability to cook and serve Chinese food in the traditional manner makes one a hostess of distinction.

The classes will include not only the actual preparation of twelve different Chinese dishes, but also instructions on the traditional manner of serving Chinese food and the theory and methods behind the actual preparation.

The cost of the lessons is \$15 which includes the cost of all materials used. Students will eat the food prepared at each lesson.

Police Advise On Solicitation

Section 17.1 of the Albany City Code defines a solicitor as anyone who sells, or offers for sale, or takes orders for any goods, wares, merchandise for delivery or for services to be performed.

All solicitors must have a permit from the Police Department. If a solicitor comes to your door, the first thing you should do is ask him for his permit. If he has none, or refuses to show one, the police should be called.

Recently several companies have been soliciting under the guise of making some sort of survey or another. If such a solicitor comes to your door, you don't even have to talk to him. Although this approach is legal, if citizens keep refusing to talk to them perhaps the practice will stop.

If someone comes to your door and you have any doubts about them, call the police who will check him out.

Year Round Protection

Richard T. McSheehy, Captain of the Fire Prevention Bureau of Albany instructs Fireman Kenneth Cochran on how to put the finishing touches to a large fire prevention sign that has been placed in front of Fire Department Headquarters.

The art work on the sign was done by Fire Chief Gerald Browne who has gained a reputation in the area for his ability with brush and color.

The sign has been placed to bring citizen's attention to the fact that fire prevention is an all year round job and vigilance must not be relaxed at any time. The city of Albany has won national recognition for its efforts in this field and will continue to do so for the protection of the Albany citizen and his property.

facility at this time. A lot at the end of Calhoun Street could probably be leased from the State for a very nominal sum and could be made into an area for basketball and other small area games, but it is right along the freeway which might be a psychological deterrent to any extensive use.

"One other site might be considered as a possibility, but its location would not be convenient for general park use. This area is now used as the Albany Dump. With some leveling, expanding and planting, this could become a quite acceptable area for many types of recreational opportu-

ities. There would be no acquisition problem, but entry would be difficult without some type of pedestrian overpass. Should the community center be taken away from our use in the near future, many activities, such as Little League baseball, would need a playing field. The site could be used for this purpose, but would require more study to evaluate this possibility. It is our contention that this area might be developed with very little outlay into a boat ramp area and possible skeet shoot area with attendant fees which might be used for further development of the

area. With such a program, which we have reason to believe would be well patronized, this could be a self-completing program. Tree planting could begin at any time once a general program had been outlined.

"Should we lose the use of the Community Center building, we would be faced with several other problems. Veterans buildings completed after the second World War were generally of a community recreational use. Those completed after the First World War were generally of an ex-dante veterans use character. Here in Albany we have such a

building which, with some planning, could be adapted to a more general use, provided the people involved and the county could make some mutually acceptable arrangement. It is our recommendation that the City Council consider this possibility and make some preliminary negotiations with the responsible persons."

A meeting is scheduled between Ruth and Krushkov, city planning consultants, and Park and Recreation Commission on July 30, 8:00 p.m., for discussion on the submitted findings.

Service
measured
not by gold..

There's a difference in funeral service, as many families well know. One of the BIG DIFFERENCES between Ellis-Olson service and ordinary service is that ours is always "Service measured not by gold . . . but by the GOLDEN RULE." Truly, we can think of no finer way to serve!

MEMBER THE ORDER OF THE GOLDEN RULE

Wednesday, July 17, was a busy day at the Albany Senior Center. Two bus loads of people, numbering 91 in all from the Albany Center in Oakland, dropped in to visit and attend the movies which are a regular feature of entertainment on every Wednesday afternoon. It was a happy occasion for Mrs. Kelling, our Director, as she worked for nine years in connection with the Oakland center. We are happy to report that new members have been enrolled at the center so far during

the month of July. A happy group of fifty people from the Center journeyed by bus to San Francisco on Tuesday, July 16, to attend the Ernie Ford Show. All report that the old "Pea Picker" is a wonderful entertainer. Word was received by Gertrude Garden that Betty Mortensen, a former active member of the club had died at the home of her son in New York City on July 3. She suffered a stroke some months ago, from which she never fully recovered.

Following is the weekly schedule beginning Thursday, July 25: Thursday, July 25, 10:00 a.m.: Bingo; Brown Bag lunch, 12 noon; Community Singing under the direction of Clara Edelfsen, 1:00 p.m.; Cards. Friday, July 26, 10:00 a.m.: Community Service, Sewing, Scrap Books, etc. Saturday, July 27, Closed. Sunday, July 28, 10:00 a.m. to 6:00 p.m.; Cards. Monday, July 29, Center closed. Tuesday, July 30, Open from 1:00 p.m.; Drop in Social time; T.V. dinners at 5:00 p.m.; social time till 10:00 p.m. Wednesday, July 31, Open 10:00 a.m.; make hats for Sonoma hospital. Movies, 3:00 p.m. "Through a Rear View Window," "Alaskan Big Game," "Ausable Chasm," "Weather."

Any Senior of Albany or vicinity, fifty years old or over, is welcome to come in and become a member if they so desire. For any information concerning the Center call 526-1608 on the days the Center is open.

JEROME BLANK REALTY

THOUGHTS ON CLEANING OUT
A DESK!

We bought a new desk the other day, and had the rather
 miserable job of emptying the old drawers into the new ones. (They
 don't make the new desks as roomy any more, just like houses.)
 Jammed into the rear of the old drawers were some rather interest-
 ing and forgotten pieces of flotsam and jetsam which gave us a
 few moments down Memory Lane. For instance, the old ad copy
 when we had several homes listed around \$8000 to \$10,000. (We
 recently resold one of these for \$18,000.) An ad we ran parodying
 a song popular at the moment, entitled "This Old House." Inciden-
 tally its back on the market, remodeled, looking better than ever.

Back in 1951 there was a song called "Tht Thing" and we had
 an old home beyond description and titled it, "The Thing." We had
 about 15 calls and sold it. Some years later, the land alone brought
 about twice the price the owner paid, and there's a large office
 building now on "The Thing."

We seem to have been influenced by Jack Webb, because we
 had that ad copy back in 1952 called: "This Is The City." (Dum De
 Dum Dum etc.) Don't think it ever sold any houses, but we had a
 lot of comments on it.

Then there's our original office picture. We've gone through
 4 major remodelings since then. We really don't know what to do
 about all the old election campaign material, assorted political cards
 asking the voters to put us into office. And then there's a lot of
 clippings from The Times. Seems there was a certain lady with
 whom we occasionally disagreed many years ago. We can't seem
 to bring ourself to throw the clippings away, representing as they
 do such a large piece of one's life. Guess we're getting mellow but
 yesterday's problems seem awfully small compared to today's prob-
 lems of nuclear weapons and civil rights legislation.

Anyway, that old picture of Albany we found taken from the
 Hill, showed a lot of vacant lots, and they're not vacant any longer.
 Many of the old homes have been remodeled and look more modern
 today than they ever did. Albany looks better to us every year, and
 we can't help but be proud of our little city. (We finally put all the
 bric a brac into a box and stored it in the basement. Undoubtedly
 it will be unearthed some day by a future archaeologist.)

A FIRST SHOWING!

You've often seen ads describing a home as immaculate, but
 when we say this home is immaculate, we really mean it! This is the
 first time we've advertised this lovely English style stucco in upper
 Albany, and it's a home that's beautiful to see. The living room has
 a feeling of spaciousness with a high arched ceiling, and exquisitely
 carpeted wall to wall. A full dining room, and a lovely new kitchen
 complete with formica counter, and an electric range and refrigera-
 tor are included. In addition, a large basement room with inside
 stairway makes ideal home workshop. Back yard has beautiful
 garden, patio, enclosed with plastic fence for privacy. This is defi-
 nitely a home you must see! Evenings 848-8171.

OUT OF TOWN OWNER SAYS SELL!

And this is your opportunity to really get a fine home for a
 very fair price. Its contemporary in design, with lots of redwood,
 5 rooms, 2 bedrooms and a most unique fireplace. We personally
 like the beautiful view of the hills and of the panorama unfolding
 below, as this home overlooks Albany from Albany Hill. There's a
 large basement room, a back yard patio, and a location near shop-
 ping at the Plaza. We can sell this home for a low, low down pay-
 ment, tailored to your exact pocketbook. Call us for details, but
 don't pass up the chance to see this modern home. Evenings, 527-
 0543.

MAKE YOUR OWN SOCIAL SECURITY.

If you would like to retire on a good income, a fine real estate
 investment can help your pension or social security plan. We have
 just the item, where you can have fine return on your down pay-
 ment, based on moderate rents. There is a 2 unit building in front
 of lot, plus a cottage in the rear, 50x100 lot, Evelyn Avenue, excellent
 rental area. Needs some painting, but definitely an opportunity for
 a fixer. Full price for these 3 units is only \$20,950, and takes possibly
 \$2000 to \$3000 down payment. Evenings, 848-8171.

ALBANY DUPLEX

This would make a fine home for 2 families desiring a home-
 like atmosphere in this ranch-style, wood shingle roof duplex, with
 1 and 2 bedroom units. Of unusual interest are the fireplaces in each
 unit, the lovely grounds, and fine location near Marin. Also shows
 good return as plain investment. Evenings, LA 5-3253.

ANOTHER ALBANY DUPLEX

A lovely Spanish style building with red tile roof, reminiscent
 of old California, or Monterey Bay architecture. Consists of 2 roomy
 4 room, 1 bedroom units, large basement utility rooms, garages, 50x
 100 lot. Near Plaza, San Pablo shopping. Owner will take small home
 as down payment or even consider your Note. Evenings, LA 6-3819.

ST. JEROME'S PARISH.

We get many requests for homes in this fine Fairmount dis-
 trict of El Cerrito, but seldom are we fortunate enough to have a
 beautiful ranch style home with 3 bedrooms and 1 1/2 bath, all on one
 floor. There's a sun deck, workshop, fenced yard, all landscaped;
 also a TV room. You'll be really delighted with this home, and best
 we can say is see it this week, because it will undoubtedly sell in
 a very short time, due to heavy demand in this area. Evenings, LA 6-
 3819.

EAST OAKLAND INVESTMENT.

A pair of older flats, which would be a decorator's delight. Could
 be made into units of Victorian charm with antiques, pictures, proper
 wallpaper. Now rented at \$93 and \$95. Full price \$19,750, with small
 down payment. A speculators' item. Next to new apartment house.
 LA 5-3253.

MERCHANTS—NEED SPACE?

We have a large building on San Pablo Avenue, can lease entire
 7200 square feet, or can divide into 2 stores plus warehouse. Will
 take over your lease on smaller store, if interested in larger quarters.

APARTMENTS TO RENT.

Call your apartment or home rental needs to us, as we have

Heart Attack Takes Pastor Gustav L. Lindquist

PASTOR LINDQUIST

Pastor Gustav L. Lindquist, 84, died the 25th day of June from a heart attack. He had been visiting in the United States, for 7 months and had been in good health, residing at 806 Jackson St., Albany, Calif.

Born in Lycksele, Sweden, he

became a richly endowed preacher and outstanding pioneer for prophetic science, which shows that history follows Biblical cycles. He started to preach at the age of 14, and when at 25 he went out as minister for Baptist churches, he went first to the northern part of Sweden, toured for years through the country, served several years as minister in Stockholm and, since 1920, in Gothenburg, Sweden.

In 1921, he founded the Philadelphia Baptist church there and remained its pastor to his death. He also served churches of different denominations and was in 1923, invited by the Archbishop of Sweden, Nathan Soderblom, for lectures in Uppsala concerning his studies in prophetic development in history and fulfillment of Bible prophecy in our time. He was author of books on the same subject, and in 1932 he founded the prophetic scientific magazine "Varldsfornyselsen" (World Renewing) in Gothenburg, Sweden, for which he was active editor to his death. "Varldsfornyselsen" and his life work

will be continued by his wife, Dagmar Ingrid Alice Lindquist, who has been his secretary since 1925.

His lecture trips included the Scandinavian countries, and in the beginning of 1939 he made an extensive trip to Germany, East Europe, Palestine, Egypt and Near East and warned rulers of the coming crisis and the second world war. He also made several trips to the United States and lectured in Scandinavian congregations. His life has been filled with only one intense interest: to show evidence for the truths of the Bible. In these efforts, he has been a most dedicated and successful preacher and teacher for 70 years.

Rev. Lindquist will sail by M/S "Goldent Gate" to Gothenburg, Sweden, where the funeral services will be held. Arrangements are by the Ellis-Olson Mortuary, 727 San Pablo Avenue, Albany, Calif.

JOHN CONEDERA

Funeral services were held for John Conedera from the Ellis-Olson Mortuary, 727 San Pablo Ave., on July 2, 1963, with a Requiem Mass at St. Joseph's Church, Berkeley. Committal followed in St. Joseph's Cemetery,

His funeral rites were held from the Drawing Room Chapel of the Ellis-Olson Mortuary, 727 San Pablo Ave., with a Requiem High Mass at St. Ambrose Catholic Church, Berkeley, followed by committal in Holy Sepulchre Cemetery, Hayward.

LLOYD GARRISON

Lloyd Lyall Garrison passed away in Berkeley after a prolonged illness. Mr. Garrison, 63, lived at 831 Cerrito St. He was a native of Alexander, N. C. and had lived in Albany for the past 16 years. He was a member of St. Alban's Episcopal Church, Albany, and a Past Commander of Albany Post No. 292, American Legion. Berkeley Wedding For Patricia Jane Gram

Patricia Jane Gram and Richard William Jones were married June 22 at a Mass solemnized by a special blessing from the late Pope John XXIII. Rev. Joseph Quinn, C.S.P., celebrated the dialogue Nuptial Mass, which was held in Saint Thomas Aquinas Chapel, Newman Hall, near the Berkeley campus of University of California.

Patricia is the daughter of Mr. and Mrs. Wilbur Gram of Everett Street, El Cerrito. She graduated from Albany High School in 1958. She received her B.A. in child development from the University of California in 1962, and a teaching credential in January of this year. She is teaching first grade. Her affiliates are Newman Club and California Teachers Association.

Richard is the son of Mr. and Mrs. Judson C. Jones of Ione. He is presently employed as a Jr. Civil Engineer with the California Division of Highways. The benedict graduated from Ione High School and received his B.S. degree in civil engineering from the University of California. He is a member of the Naval Air Reserve, Helicopter Squadron at Alameda and the American Society of Civil Engineers.

The bride was escorted to the altar by her father. She was gowned in white peau de sole over taffeta, styled with a floor length bell shaped skirt with applied lace insets. Her elbow length veil was held by a pearl crown and was borrowed from Mrs. Michael Blackford of Berkeley. She carried a cascade bouquet of white roses, butterfly orchids and stephanotis.

Barbara Bennetti of El Cerrito was maid of honor. The bridesmaids were Marilyn MacEachern of Berkeley and Marilyn Jones, the benedict's sister, of San Francisco. They were dressed alike in street length sheaths of minuet blue silk with fitted jackets and wore matching bird cage hats. Their bouquets were of blue agapantha. Aileen Cram, sister of the bride, was flower girl, dressed in pastel blue.

Michael Blackford of Berkeley was best man. Guests were seated by Robert Jessup of Berkeley and James Gram, the bride's brother.

The bride's mother wore a pale blue crepe sheath with lace overblouse, matching jacket and a pink cymbedium corsage. Mrs. Jones, mother of the benedict, selected a muted floral print sheath with gold jacket apricot cymbedium corsage.

The wedding breakfast was held following the wedding in the banquet room at Kirby's, which had been beautifully decorated by

Miss Phoebe Hauff of Palo Alto and Miss Beverly West of Berkeley. Mrs. Michael Blackford was in charge of the guest book.

RECEPTION

Mr. and Mrs. Fredrick McCollum and Mr. and Mrs. Alvin Drozda will be the co-hosts at an Open House at 719 Madison Street on Sunday, July 28, from 2:00 p.m. to 5:00 p.m. where new President Sheila Drozda of Albany Post 292 The American Legion Auxiliary, and new Commander McCollum of Albany Post 292 The American Legion will receive members of the Post and Auxiliary.

Fireman John Hoeth of the Albany Fire Department who also acts as an inspector in the Fire Prevention Bureau points out that gasoline, benzene, naphtha, and similar fluids should never be used indoors.

When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or any tiny flame of a pilot light.

Keep such fluids tightly closed in metal containers outside your home.

Oil-soaked rags, especially rags that have been used to spread quick drying liquids such as turpentine, paint thinners, and some furniture polishes, have been known to catch fire by themselves. This happens when there is enough air to provide oxygen, but not enough air to carry away the heat that is caused when they give off vapor. When those vapors get hot enough, they burst into flame. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house in these air tight containers to insure your safety from fire, the inspector concluded.
